

MINI-MUSIG-SCHUEL

**Violin | Cello | Accordion | Guitar | Harp
Clarinet | Trumpet | Percussion**

MINI-MUSIG-SCHUEL®

Sing, move, play and make music!

This offer from the Music School Weinfelden is the ideal introduction to instrumental lessons for five- to seven-year-old children. In small groups the children are taught selected music in a variety of ways and become familiar with different instruments.

The music school provides special children's instruments for this purpose. Together we play music and sing. The basics of music and the instruments are comprehensively learned through simple forms of playing.

This annual course is intended as an introductory offer to instrumental lessons. The group lessons allow different forms of playful learning and makes it easier for many children to start on an instrument.

| | |
